Occupational Therapy

**Sensory
Motor
Group**

**Information
for you**

Who Will I See?

- There will be 2 adults who run the group; an Occupational Therapist (OT) and an Occupational Therapy Technical Instructor (OT TI).
- Their job is to make the group as **FUN** as possible and to help you with lots of different skills like throwing and catching, balancing, pencil skills and other fine motor skills.
- The group runs for 5-6 weeks and we will meet for an hour a week with no more than 5 other children.

What Will I Be Asked To Do?

- We will meet in a room with a table and chairs and a bench for sitting on. There may be some soft play equipment which we use as the weeks go on.

Here are some things we might use

What Will Happen After The Group Has Ended?

- At the end of each session your parents/carers will join us so you can share with them what you have been doing.
- During one session your parents/carers may be asked to come and watch, just so they can see what happens during the group.
- At the end of the sessions you will be given a certificate to celebrate all your hard work!
